ABOUT SSBF

Symbiosis School of Banking & Finance (SSBF) was established to address the growing demand for trained workforce in the Banking and Financial Services Sector. Given that a strong and resilient banking system is critical for fuelling and sustaining growth, the importance of having industry-ready manpower cannot be over-emphasized.

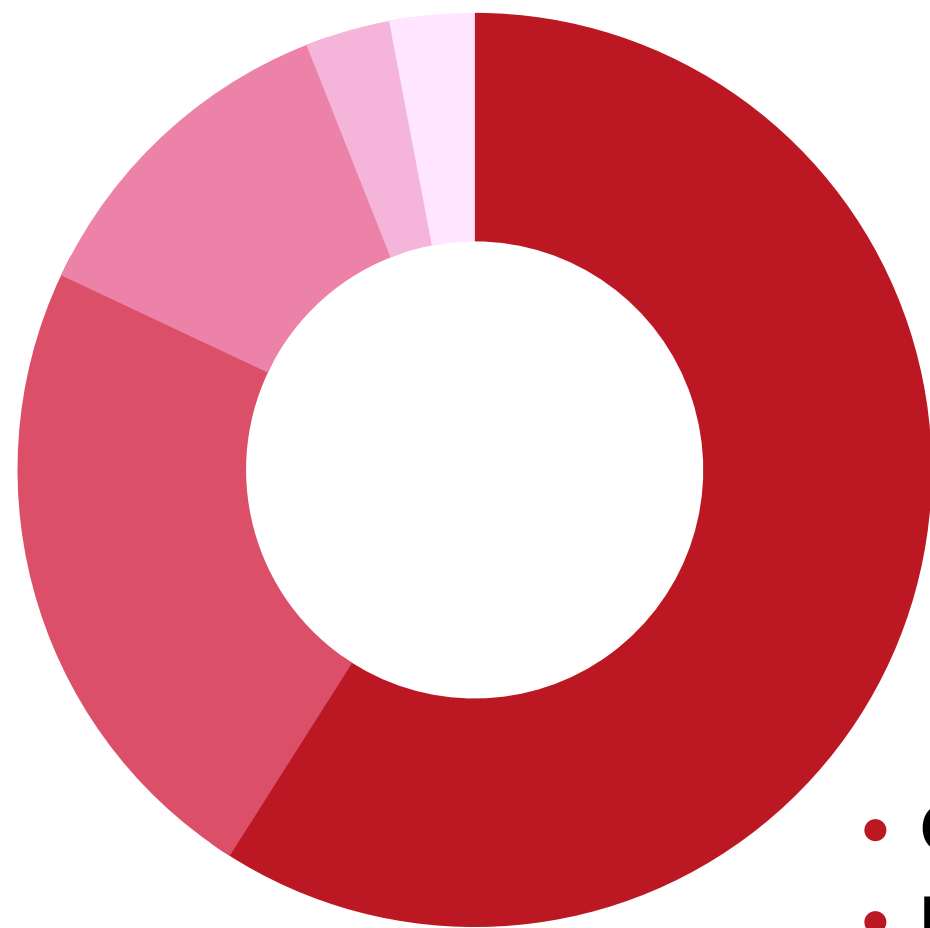

The MBA (Banking and Finance) being offered by SSBF has been designed to provide the necessary education and skill-set to equip students to innovate, manage, lead and take on the challenges of this increasingly complex and dynamic BFSI sector in the wake of constant functional and technological changes. SSBF enhances the awareness and widens the perspectives of its students placing before them the challenges facing the BFSI sector that need constant attention, study and scrutiny.

SSBF is committed to provide an environment that facilitates learning and development of well-rounded personalities such that they leave the portals of the institute as industry-ready professionals.

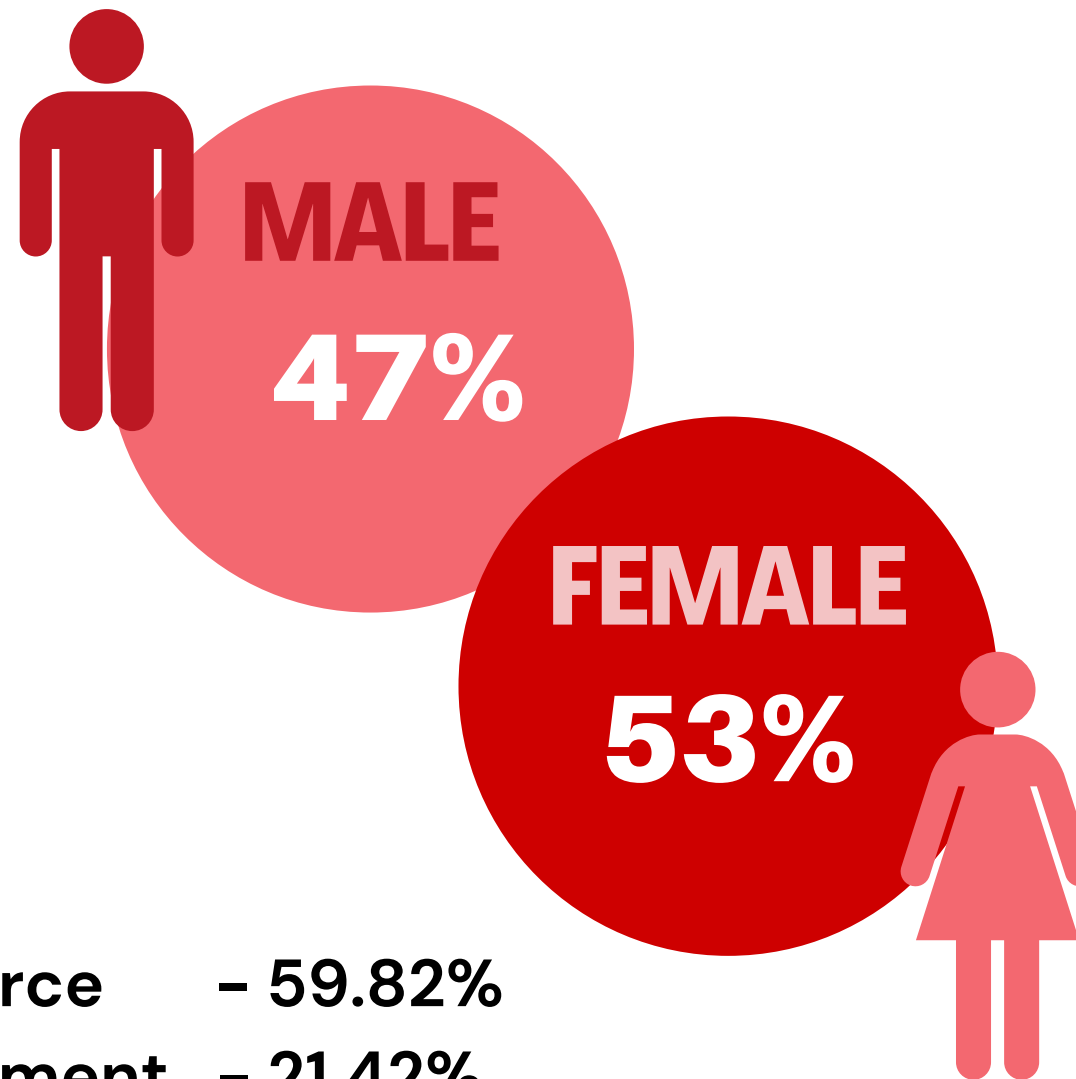

Besides, it gives us immense pleasure to announce that SSBF has successfully interned 100% of the eligible students for the batch of 2022-24 for the Summer Internship Program.
