

### SKILL DEVELOPMENT INITIATIVES

#### **OBJECTIVE:**

SSBF aims to develop students into multi-faceted individuals equipped with the necessary skills and knowledge to excel in the workplace upon graduation. It is therefore ensured that they are exposed to the workplace requirements through engagement with practising managers, update their fundamental knowledge, and learn new technical skills that are required in the workplace, like data analysis and visualisation.

#### **THE CONTEXT:**

These programs are curated to help students enhance their skills and capabilities. Technical skills like data analysis and visualisation and soft skills like presentation and communication are worked upon to assist in their professional development.

#### **THE PRACTICE:**

Throughout the academic year, a number of training sessions are conducted to help students prepare for the workplace. These individual sessions target one key area at a time and help students learn new skills or polish their soft skills, like communication or sales pitch. Industry experts are brought in to provide a much-needed exposure to workplace dynamics and demands. Additionally, in-house faculty members conduct continuous sessions on key subject areas to improve the understanding of the students. Some of the initiatives taken are:

- Practising Managers' Sessions
- PACT sessions
- CRISIL Workshop
- Power BI Workshop
- Tableau Workshop
- SQL Workshop
- Nvivo Workshop
- SDG Lecture

**EVIDENCE OF SUCCESS:**

This practice has been stimulating and rewarding in terms of securing better placements in various profiles. It has helped students gain the skills and knowledge needed to craft professional resumes. It has also improved their interpersonal skills, including active listening, empathy, and effective written and oral communication.

**PROBLEMS ENCOUNTERED:**

Nil

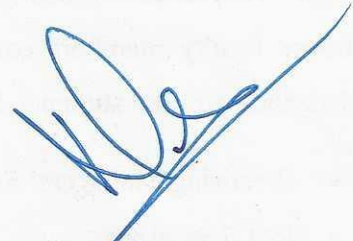

**FUTURE ACTION PLAN:**

To continue to conduct the relevant workshops and sessions to enhance the skills of the students and make them industry-ready.

### Practising Manager's Sessions

#### Objective:

SSBF tries to provide the best learning environment for each individual student with the aim of better preparing them for the job and assisting them in developing their research skills. The Practising Manager's Sessions are designed to help students understand the relationship between theoretical and practical approaches.

#### The Context:

This program aims to enhance students' learning experience by applying the expertise of practising managers to construct effective and engaging learning experiences. Students gain a thorough understanding of professional work by interacting with industrial professionals who share their knowledge and best practices in professional conduct. Collaborations with industries lead to internships and job placement opportunities for students. These experiences provide students with the opportunity to work in real-world environments, understand industry practices, and develop relevant skills.

#### The Practice:

Throughout the academic year, a variety of guest lectures and workshops are held to prepare students for the workplace. These include various sessions on holistic development, aptitude assessments, technical knowledge development, and other pertinent and contemporary topics.

To provide students with a completely different perspective on the industry, several guest lectures and seminars are organised through this effort. These support students by providing value-added certification programs, internship opportunities, and job placements in their organisations. Industry experts and professionals are invited to deliver guest lectures and conduct workshops on campus. They share their experiences, industry trends and best practices, providing students with exposure to the latest developments in their fields. The following sessions/ workshops are conducted under this program throughout the academic year:

- Aptitude training sessions, Mock GD\_PI
- Technical sessions on Design Thinking, Technical Analysis, Stock training workshop, Valuation techniques, etc.
- Holistic Development Session- Yoga and Meditation workshop, Self-branding, Stress management and dealing with internal conflict, Work-life balance, Business Etiquettes, etc.

#### Evidence of Success:

This collaborative effort between the two has been dynamic and rewarding. It has helped students stay up to date on the challenges in the corporate world. Additionally, students benefit from internship and placement opportunities offered by these associations.

**Problems Encountered:**

- The institution's location, on the outskirts of Pune, makes it difficult or sometimes infeasible to invite speakers or experts from outside Pune who hold higher positions in their organisations.

**Future Action Plan:**

- To continue to conduct the relevant workshops and certification programs in collaboration with the BFSI industries for enhancing the skills of the students and making them industry-ready.

### PACT Sessions

#### Objective:

To help students become more skilled communicators and articulators and to better prepare them for the workforce, SSBF strives to provide the best possible learning environment for each individual student. The Placement Assistance Counselling and Training sessions, which are intended to mentor and prepare students for success in the selection process of internship and placements, are referred to by the acronym 'PACT'.

#### Context:

This program aims to enhance students' skills and provide them with a practical learning experience by conducting various sessions to train students in effective communication and engaging learning experiences. These sessions are designed to enhance students' skills and promote their professional development, making them industry-ready.

#### The Practice:

Throughout the academic year, a variety of training sessions, counselling sessions, and workshops are held to help students prepare for the workplace. These include different sessions on aptitude, mock GD-PI, effective communication, building resumes, sessions on the basics of technical knowledge, etc. These support students in developing strong communication skills, enabling them to express their ideas clearly and concisely, and making it easier for them to participate in class discussions. The industry experts and professionals are invited to deliver these sessions and conduct workshops on campus. Additionally, in-house faculty members conduct sessions to review the basic terminology and knowledge required for the internship and placement interviews. The following sessions/ workshops are conducted throughout the academic year:

- Aptitude training sessions, Mock GD-PI
- Soft skills training
- resume writing
- Newspaper reading
- JD discussions
- Questionnaire discussion
- Financial terminologies/ brush-up sessions

**Evidence of Success:**

This practice has been stimulating and rewarding in terms of securing better placements in various profiles, and has helped students gain the skills and knowledge needed to craft professional resumes. It has also improved their interpersonal skills, including active listening, empathy, and effective written and oral communication.

**Problems Encountered:**

Nil

**Future Action Plan:**

To continue to conduct the relevant workshops and sessions for enhancing the skills of the students and making them industry-ready.

**Executive Summary: Workshop on Credit and Risk Management by CRISIL**

This summary is about overview of the two-day workshop on **Credit and Risk Management by CRISIL**, held from September 19th-20th, 2024. This program, specifically designed for MBA students specializing in Banking and Finance at Symbiosis School of Banking and Finance (SSBF), which aimed to bridge the gap between academic theory and practical industry applications. A key highlight was the collaborative effort between CRISIL and SSBF, which also saw students successfully completing CRISIL's professional certifications.

---

**Day 1: Credit Risk Analysis & Practical Application**

The first day was dedicated to a deep dive into **credit risk analysis**, with CRISIL's senior analysts leading the sessions. The focus was on equipping students with a practitioner's perspective on lending decisions.

- **Financial Statement Analysis:** The workshop moved beyond textbook ratio analysis, emphasizing a forensic approach to financial statements. Case studies from various industries were used to demonstrate how to identify subtle **red flags** and assess a borrower's true financial health and cash flow sustainability.
- **The 5 Cs of Credit:** The foundational framework of **Character, Capacity, Capital, Collateral, and Conditions** was explored with a modern lens. The instructors explained how a credit rating agency like CRISIL integrates these elements, including qualitative aspects like management quality and corporate governance, into its rating process.
- **Early Warning Signals (EWS):** A crucial segment of the day was dedicated to identifying early warning signals of financial distress. Students learned to look for signs like deteriorating liquidity, negative cash flows, or a high dependence on short-term debt, which often precede a default.
- **Credit Rating Methodology:** The session concluded with a comprehensive overview of the credit rating process. Participants gained an understanding of the factors that lead to different ratings, the importance of ongoing surveillance, and how ratings act as a critical tool for both lenders and investors.

---

**Day 2: Advanced Risk Management & Frameworks**

The second day expanded the scope to cover the broader **risk management framework** for banks and non-banking financial companies (NBFCs).

- **Introduction to Basel Norms:** The workshop provided a clear and concise overview of the **Basel framework** (Basel I, II, and III), focusing on its implications for risk management in the Indian context. The discussion covered the three pillars of Basel: Minimum Capital Requirements, Supervisory Review, and Market Discipline.
- **Types of Financial Risks:** The session went beyond credit risk to cover other major financial risks, including:

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act 1956)

**Re-accredited by NAAC with "A++" Awarded Category - I by UGC**

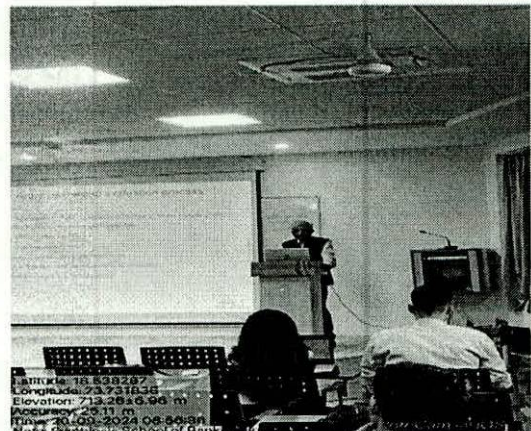

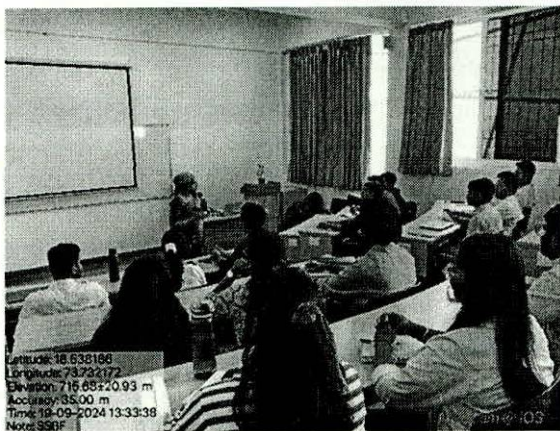

- **Market Risk:** The risk of losses from changes in market prices (e.g., interest rates, exchange rates).
- **Operational Risk:** The risk of loss due to failed internal processes, people, and systems.
- **Liquidity Risk:** The risk that a bank cannot meet its short-term financial obligations.
- **Risk Modeling and Analytics:** The program highlighted the increasing role of **data and analytics** in modern risk management. Students were introduced to the basics of credit scoring models, the estimation of **Probability of Default (PD)**, and how technology is used to automate risk processes and improve decision-making.

### Collaborative Activity: SSBF-CRISIL & Certifications

A key differentiator of this workshop was the **collaboration between SSBF and CRISIL**. In a unique and highly beneficial arrangement, the workshop served as a preparatory platform for a select group of SSBF students to undertake CRISIL's professional certifications.

Following the workshop, several students successfully completed the **CRISIL Certified Credit Underwriter Programme**. This achievement provided them with a recognized credential, validating their skills and knowledge in a crucial domain of banking and finance. This certification demonstrates the students' ability to apply theoretical concepts to real-world credit appraisal scenarios, making them highly desirable candidates for leading financial institutions. This collaboration not only provided students with an unparalleled learning experience but also resulted in tangible professional achievements, reinforcing SSBF's commitment to creating **industry-ready** graduates.

Dear Tushar,

As discussed over the call, request you to kindly let us know your availability to conduct Tableau and Power BI workshop for SSBF Students

Workshop: Power BI

Semester: 1

Dates: August 29,30, 31 (tentative)

Duration: 15 Hours (8:30-1:30)

Workshop: Tableau

Semester: III

Dates: August 26, 27, 28 (tentative)

Duration: 15 hours (2:00-7:00)

**Thanks and Regards,****Dr. Neha Parashar,**

**Re-accredited by NAAC with "A++" Awarded Category - I by UGC****Workshop on Power BI by Mr. Aditya Thakare 29th August-31st August 2024**

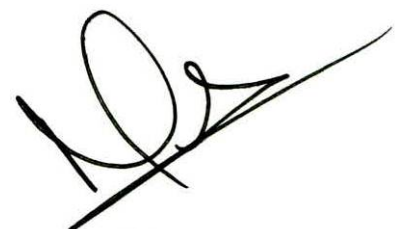

The Symbiosis School of Banking and Finance recently conducted a 15-hour Power BI Workshop, offering a thorough exploration of data visualization techniques with practical experience using Power BI software, led by Mr. Aditya Thakare.

The session helped students gain hands-on experience in designing impactful visualizations and getting thorough with Power BI and helped them refine their data analysis and transformation skills to prepare them for practical challenges in the field.

Program Director

**Workshop on Tableau by Mr. Aditya Thakare 26th August-28th August 2024**

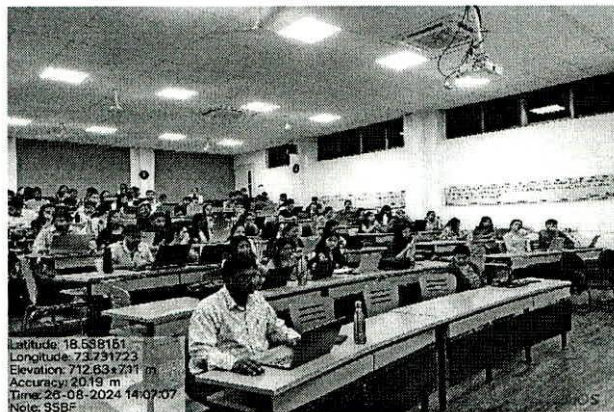

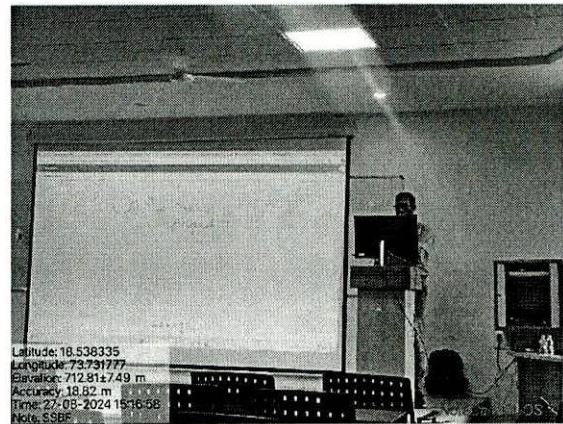

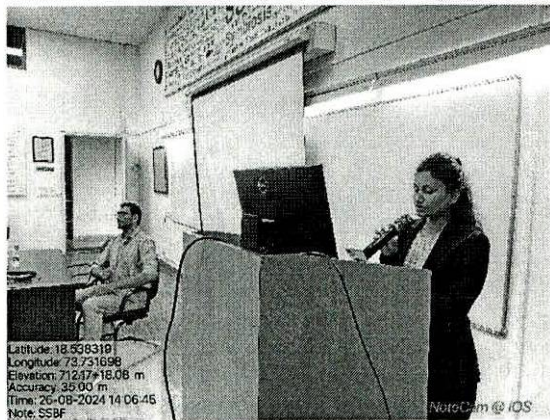

Symbiosis School of Banking and Finance organized 15-hour Tableau Workshop, offered an in-depth exploration of data visualization techniques, featuring hands-on experience with Tableau software conducted by Mr. Aditya Thakare.

Over the course of three days, students engaged in interactive sessions led by the experts, gaining practical skills in creating impactful visualizations and dashboards.

The workshop was designed to enhance participants' data analysis capabilities and prepare them for real-world challenges.

Students are now equipped with valuable skills and insights to advance their careers in data visualization.

## SQL Workshop by Mr. Rajesh Tukdeo

### Executive Summary

A two-day SQL Workshop was conducted by Mr. Rajesh Tukdeo on 1st December 2024 (Monday) and 2nd December 2024 (Tuesday) from 8:30 a.m. to 1:30 p.m. as part of the Value Added Course for students. The workshop aimed to develop essential technical competencies in database management and structured query language (SQL), fostering analytical thinking among participants. Attendance and active participation were mandatory, as the sessions were designed to provide experiential learning in MySQL through practical exercises and live demonstrations. Over a total duration of 10 hours, the workshop blended theoretical inputs with hands-on practice, thereby enabling students to grasp both the foundational and advanced aspects of database handling and querying.

### Day 1 (1st December 2024, 8:30 a.m. - 1:30 p.m.)

The first day of the workshop introduced participants to basic database terminologies, relational database management systems (RDBMS), and the structure of SQL. Mr. Tukdeo began with an overview of database concepts and guided the students through the installation of MySQL and its client interface. He explained the three main categories of SQL commands, Data Definition Language (DDL), Data Manipulation Language (DML), and Data Control Language (DCL), with detailed examples of commands such as CREATE, ALTER, DROP, INSERT, UPDATE, and DELETE.

Participants were also introduced to MySQL data types and database constraints, which are crucial for maintaining data accuracy and integrity. The session progressed to practical applications involving aggregate functions, grouping, and sorting data using operators like LIKE, DISTINCT, IN, BETWEEN, AND, and OR. Real-time query execution exercises reinforced these concepts, allowing students to create, modify, and manipulate databases independently by the end of the first day.

### Day 2 (2nd December 2024, 8:30 a.m. - 1:30 p.m.)

The second day of the workshop focused on advanced SQL operations and query optimization techniques. The morning session covered relational operations such as selection, projection, union, and intersection, followed by an exploration of different types of joins; inner, outer, natural, and cross joins; to demonstrate how data can be integrated across multiple tables. Students then practiced writing subqueries and creating views to simplify complex queries and improve data abstraction.

## SYMBIOSIS SCHOOL OF BANKING AND FINANCE

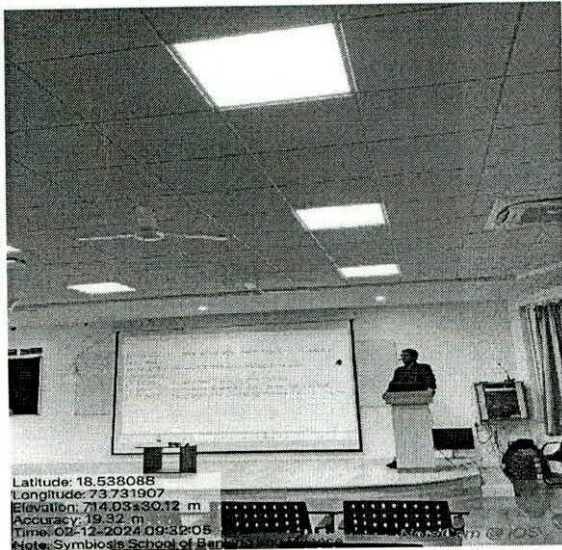

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act 1956)

**Re-accredited by NAAC with "A++" Awarded Category - I by UGC**

Mr. Tukdeo also introduced stored procedures and explained procedure parameters (IN, OUT) to help automate repetitive database tasks. The final part of the workshop emphasized database triggers, particularly BEFORE and AFTER triggers, along with real-time examples illustrating their practical use in enforcing data validation and maintaining audit trails. The session concluded with a brief recap and an interactive Q&A session, during which participants clarified conceptual and practical doubts related to SQL query writing and database management.

Dear Sir

On behalf of Symbiosis School of Banking and Finance, Pune, I would like to thank you for accepting to deliver sessions on SQL. Your expertise will definitely add value to our semester-IV students, enriching their potential and skills required for industry relevant.

As per the earlier discussion **2nd and 3rd December, 2024, 8:30am - 1:30pm** slots are finalised and scheduled for the workshop. As per the instructions received from you to download and install MySQL software has been communicated the same to the students.

Looking forward to welcoming you to Symbiosis School of Banking and Finance, Pune on 2nd December, 2024. Thank you for your cooperation and time.

--

### NVIVO Workshop 2025

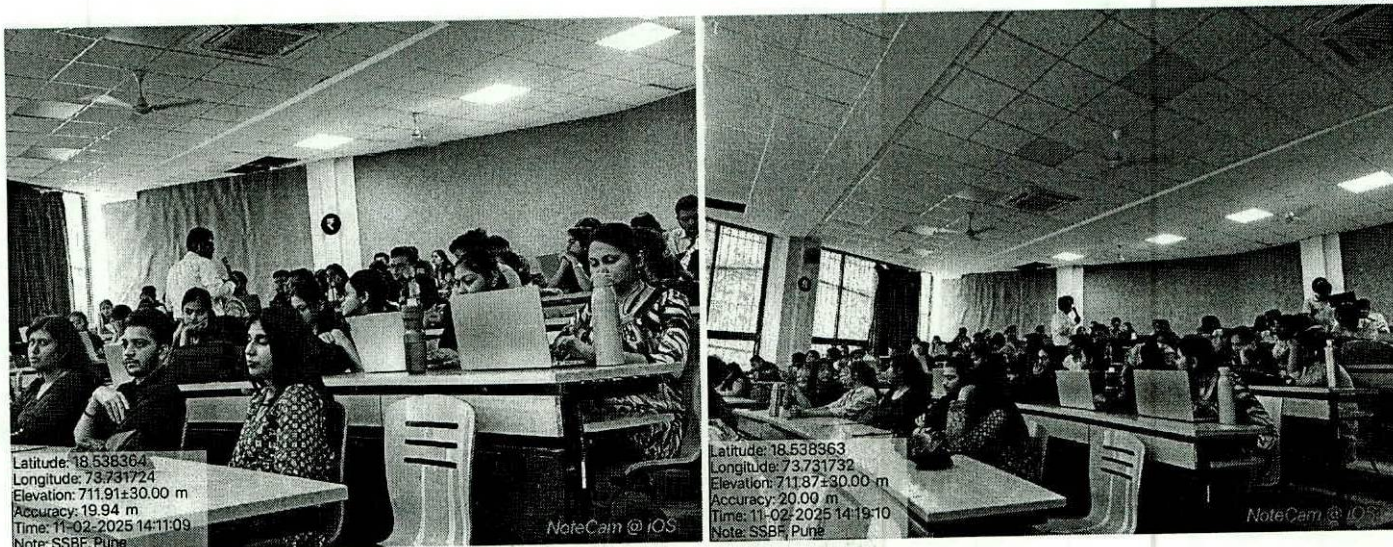

An NVivo workshop was offered as a value-added course for Semester II students at Symbiosis School of Banking and Finance (SSBF), beginning on February 11, 2025. The workshop was mandatory for students. The workshop provided an introduction to qualitative research methods, with a specific focus on their application in finance. It aimed to demonstrate how qualitative analysis goes "beyond numbers" to understand investor psychology, biases, and decision patterns that traditional financial models cannot capture. The course highlighted that NVivo is essential for researchers and professionals who work with large qualitative datasets.

The 10-hour workshop was structured into five modules. It covered the following key areas:

- **Module 1: Introduction to Qualitative Research**—Understanding qualitative methods and dataset structure.
- **Module 2: Data Preparation & Organization**—The module also covered the process of importing, cleaning, and classifying qualitative data within NVivo.
- **Module 3: Thematic Analysis & Coding**—Identifying key themes and investor behavior patterns.
- **Module 4: Advanced NVivo Analysis**—Applying sentiment analysis, text queries, and data visualization.
- **Module 5: Research Insights & Reporting**—Generating NVivo reports and presenting final findings.

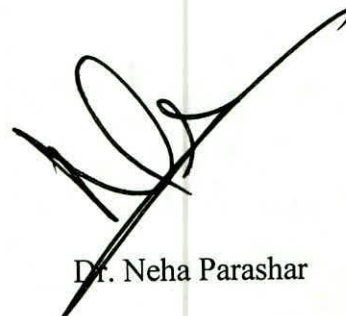

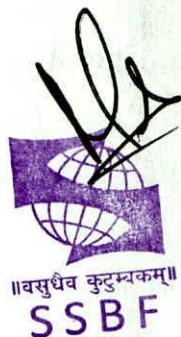

The program was based on a multi-method qualitative research approach, applying different research designs to analyze investor psychology and financial decision-making. It used six distinct synthetic datasets, including investor interviews, case studies, expert panel discussions, testimonials, observations, and social media comments, to provide hands-on experience. The workshop was a comprehensive training program designed to equip students with the skills necessary for systematic and insightful qualitative data analysis.

## Sahajayoga Meditation Session - Stress Management

### Session Report - Sustainable Development Goals Committee

#### Event Overview

The Sustainable Development Goals (SDG) Committee organized a lecture series session titled "Sahajayoga Meditation Session - Stress Management" on January 3, 2025. The session was conducted with the aim of promoting emotional and mental well-being SDG Goal-3 while equipping participants with effective tools to manage stress. Despite the allotted time of one hour, the session extended to one and a half hours due to its interactive and engaging nature, leaving participants enriched and relaxed.

#### Introduction to Sahajayoga and Stress

The session began by Mr. Mahesh Deshpande with a brief introduction to Sahajayoga, a globally recognized organization that specializes in meditation techniques aimed at achieving holistic wellness. The speaker highlighted the organization's mission to help individuals lead stress-free and balanced lives through the practice of meditation.

Following this, the concept of stress was introduced. Stress was explained as the body's natural response to challenges or pressures, often resulting in physical, emotional, and psychological strain. The speaker elaborated on the common causes of stress, such as work pressure, personal issues, and societal expectations, while also shedding light on its harmful effects on overall well-being.

## Stress Relief Through Sahajayoga Techniques

A significant portion of the session was devoted to a guided meditation experience led by Sahajayoga practitioners. Participants were encouraged to sit comfortably, close their eyes, and focus on their breathing while following the instructor's soothing voice. This activity allowed attendees to experience the immediate calming effects of meditation firsthand.

Mr. Mahesh also provided practical stress-relief tips, including:

- Taking short breaks during the day to practice deep breathing.
- Starting mornings with a few minutes of meditation to set a positive tone.
- Using affirmations and self-reflection as tools to maintain emotional stability.

## Key Takeaways

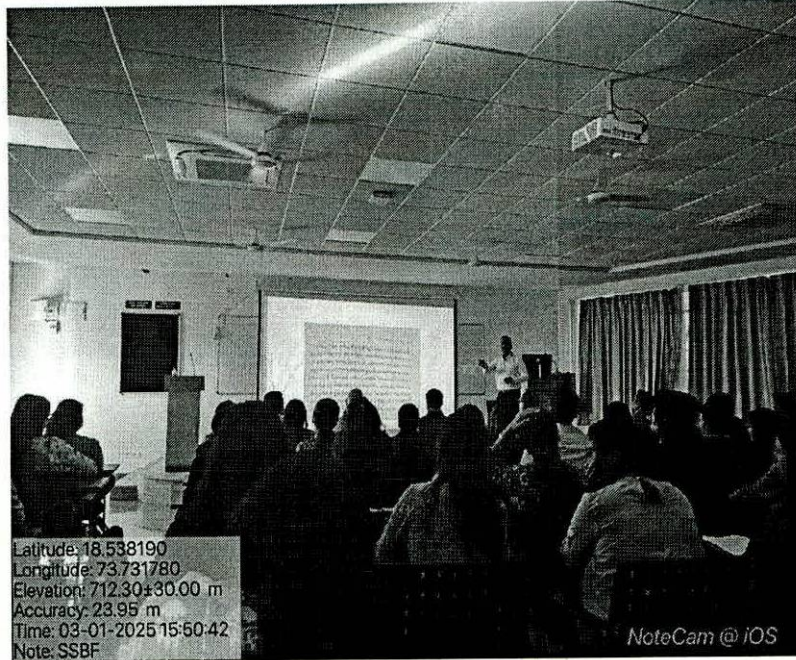

The session concluded with a discussion on the key takeaways:

1. The importance of meditation: Regular meditation fosters a peaceful and focused mind.
2. Stress management techniques: Incorporating yoga, breathing exercises, and mindfulness into daily life can effectively reduce stress.

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act 1956)

## Understanding Stress and Ways to Avoid It

Participants were educated on ways to identify early signs of stress and simple techniques to prevent it. Practical advice was shared, such as:

- Practicing mindfulness and staying present in the moment.
- Maintaining a healthy work-life balance.
- Engaging in regular physical activity and relaxation exercises.

## Benefits of Yoga and Meditation

The session emphasized the transformative power of yoga and meditation in combating stress. Mr. Mahesh explained how these practices:

1. Calm the mind: Meditation helps in reducing overthinking and brings clarity.
2. Improve focus and concentration: Regular practice enhances mental sharpness.
3. Boost physical health: Yoga improves flexibility, reduces tension, and enhances overall vitality.
4. Foster emotional balance: Meditation aids in managing emotions and promoting positivity.

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act 1956)

Re-accredited by NAAC with "A++" Grade | Awarded Category - I by UGC

3. The power of self-awareness: Recognizing stress triggers and addressing them proactively is crucial.

Participants expressed gratitude for the practical insights and the opportunity to meditate. Many reported feeling rejuvenated and motivated to incorporate these practices into their routine.

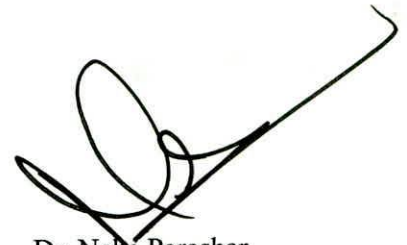

### Conclusion

The "Sahajayoga Meditation Session - Stress Management" by Mr. Mahesh Deshapnde successfully highlighted the relevance of meditation and yoga in today's fast-paced world. The SDG Committee remains committed to organizing such enriching sessions that contribute to the holistic development of individuals and align with the goal of ensuring well-being for all.
